

Client/Agency Letter of Agreement

February 22, 2006

To whom it may concern,

I confirm that Eric Stewart is currently employed with HIP Advertising and has been an employee with our firm for the last three years. Due to low project volume at our firm, HIP Advertising is unable to support his position and salary after March 30, 2006.

Eric has been responsible for all Web based programming in our Web services department. Eric has an exceptional knowledge of various programming languages and completes assigned projects in a very timely, organized and complete manner.

Eric's attendance and reliability has been excellent over the past 3 years. He has only missed 3 days of work in his employment with HIP Advertising.

HIP Advertising would happily re-employ Eric if the opportunity arises in the future. He has been an exceptional employee and a valuable member of our Web services team. Eric's expertise will be missed.

Cordially,

Steve Curry
